GitHub: github.com/yeshwanthkagithapusai-del | Live Project: ai-career-copilot-78ip.onrender.com | Portfolio: yeshwanth-workspace.lovable.app

PROFESSIONAL SUMMARY

Final-year Computer Science and Engineering (Data Science) undergraduate with hands-on experience designing, developing, and deploying AI-powered full-stack web applications using Python and Django. Proficient in PostgreSQL, RESTful API development, Generative AI integration, prompt engineering, and Power BI analytics. Proven ability to deliver production-grade software AI Career Copilot is live and serving real users. Seeking an entry-level role in software development, backend engineering, or AI application development.

TECHNICAL SKILLS

Programming Languages: Python, SQL (MySQL, PostgreSQL, SQLite)
Web Technologies: HTML5, CSS3, JavaScript
Frameworks & Architecture: Django, REST APIs, Service-Layer Architecture, Object-Oriented Programming (OOP)
AI & Generative AI: LLM API Integration, Generative AI, Prompt Engineering, Structured AI Output Handling
Data & Analytics: Power BI, Data Visualization, Business Intelligence Dashboards, Data Analysis
Software Engineering: SDLC, Debugging, Modular Development, Version Control (Git/GitHub)
Tools & Platforms: Git, GitHub, VS Code, Cursor, Firebase, Render, Vercel, Overleaf

PROJECTS

AI Career Copilot *Python · Django · PostgreSQL · Generative AI · REST APIs · Render*

Live App: ai-career-copilot-78ip.onrender.com | **GitHub:** github.com/yeshwanthkagithapusai-del/ai-career-copilot

- Designed and deployed a full-stack AI-powered career intelligence platform using Python and Django, backed by PostgreSQL, and hosted live on Render actively serving real users in production.
- Integrated Generative AI APIs to analyze uploaded resumes, extract and normalize skills, detect career skill gaps, generate personalized interview questions, and produce customized learning roadmaps.
- Engineered secure RESTful APIs with user authentication, session management, CSRF protection, rate limiting on AI endpoints, and structured validation of LLM-generated outputs before database storage.
- Implemented a Skills Intelligence module to normalize AI-extracted skills ensuring consistent career analysis.
- Delivered the complete product loop: Resume Analysis Skill Gap Detection Interview Prep Career Roadmap Progress Tracking in a single unified platform.

Power BI Business Analytics Dashboard *Power BI · MySQL · Python · Data Analysis*

- Developed interactive business intelligence dashboards from raw datasets, converting data into actionable KPIs, trend reports, and visual insights; secured **2nd Place** in academic competition.

Socratic AI Chatbot *Python · Generative AI · Prompt Engineering*

- Architected and built an AI chatbot utilizing Socratic questioning; **awarded 1st Place at Prompt Engineering Hackathon 2025** led the project end-to-end from concept to demo.

Personal Portfolio Website *HTML · CSS · JavaScript* | yeshwanth-workspace.lovable.app

- Built and deployed a responsive personal portfolio website showcasing projects, achievements, and technical profile.

EDUCATION

B.Tech — Computer Science and Engineering (Data Science) **CGPA: 7.72 / 10.0**
Avanthi Institute of Engineering and Technology, Andhra Pradesh 2023 – 2027 (Expected)

PROFESSIONAL TRAINING

Generative AI & Python Backend Development *Softworld Training Institute (Ongoing)*
Intensive program covering Generative AI with Python, Django backend development, MySQL, Power BI, SDLC, debugging, and database connectivity.

ACHIEVEMENTS & CERTIFICATIONS

- **1st Place — Prompt Engineering Hackathon 2025:** Built the Socratic AI Chatbot; led the team to win in a live judged hackathon.
- **2nd Place — Data Analytics Presentation Competition:** Demonstrated Power BI dashboards to a panel of academic judges.
- **Production Deployment:** AI Career Copilot deployed live at ai-career-copilot-78ip.onrender.com.
- **NPTEL Certification:** Internet of Things (IoT) Government of India certified course.

SOFT SKILLS

Analytical Thinking | Problem Solving | Team Collaboration | Leadership | Communication | Time Management | Adaptability | Ownership & Initiative
